## 2. Upload content for slideshow

We provide 3 type of slideshow image, product and static block

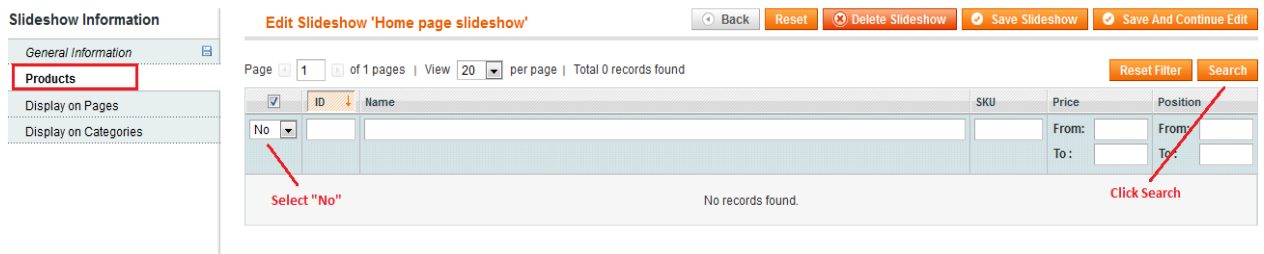

- o Image: Allow you upload image from your computer
- o Product: Allow you use the product in your site to show on slideshow
- o Static block: Allow you use static block in your site for slideshow

## 1. Image type:

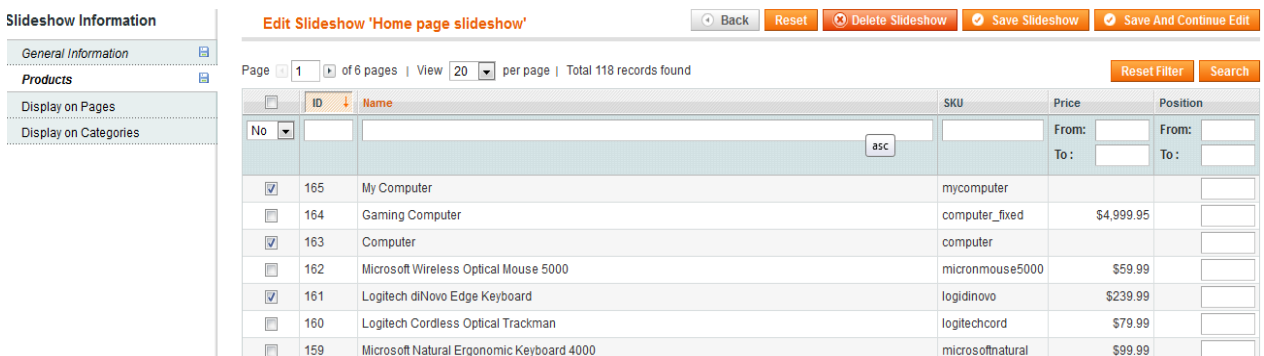

- If you choose type is Image, on the left side the tab Slideshow Images will be active. Let click on it.
- Click to Browse Files button and choose image from your computer
- Enter Link and Caption for image

## 2. Product type:

- If you choose type is Product, the tab product will be active on left side, click on it to choose products.
- On the right, select “No” as above image and then click to Search button
- The system will search product on your site and list as below

ID	Name	SKU	Price	Position
<input type="checkbox"/>				
<input checked="" type="checkbox"/>	165 My Computer	mycomputer		
<input type="checkbox"/>	164 Gaming Computer	computer_fixed	\$4,999.95	
<input checked="" type="checkbox"/>	163 Computer	computer		
<input type="checkbox"/>	162 Microsoft Wireless Optical Mouse 5000	micronmouse5000	\$59.99	
<input checked="" type="checkbox"/>	161 Logitech diNovo Edge Keyboard	logidlnovo	\$239.99	
<input type="checkbox"/>	160 Logitech Cordless Optical Trackman	logitechcord	\$79.99

- Tick to product you want show on slideshow

## 3. Static block type:

- Seem as products type. When you choose type is Static Block, the tab Static Blocks will be show to you to choose static block

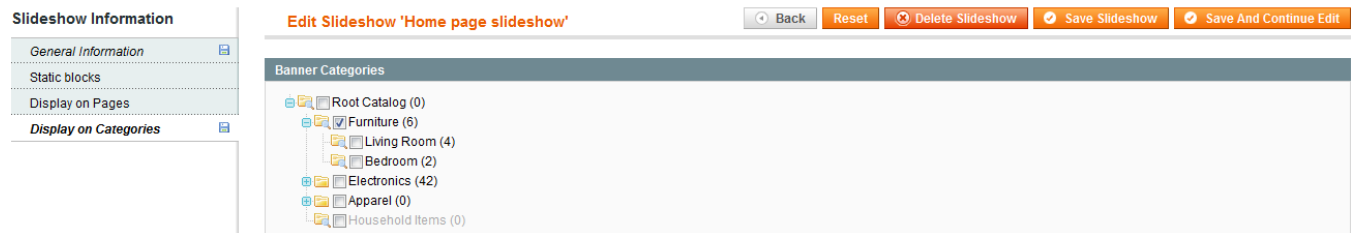

### 3. Select where to show SlideShow

- Select tab “Display on Pages” and choose the page you want show slideshow

The screenshot shows the 'Edit Slideshow' interface for 'Home page slideshow'. On the left, under 'Slideshow Information', the 'Display on Pages' tab is selected. The main area shows a 'Visible In \*' dropdown menu with the following options: All Page, 404 Not Found 1, About Us, Customer Service, Home page (highlighted), Enable Cookies, Slideshow Product Free, MS Slideshow, MS Slideshow Image, and Product Images Tag. At the top right, there are 'Back' and 'Reset' buttons.

- Select tab “Display on Categories” and choose the category you want show slideshow

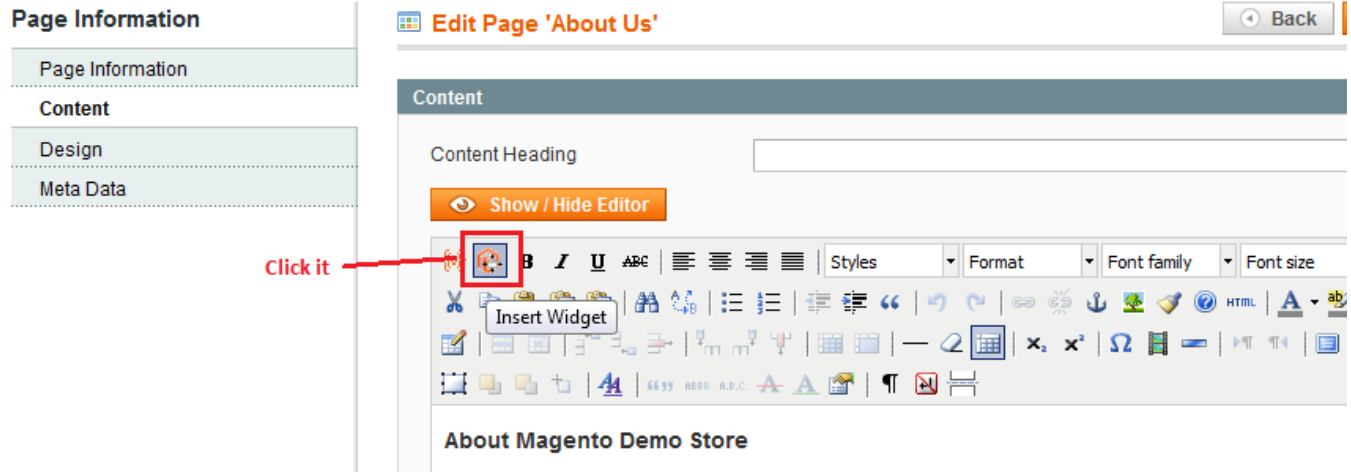

The screenshot shows the 'Edit Slideshow' interface for 'Home page slideshow'. On the left, under 'Slideshow Information', the 'Display on Categories' tab is selected. The main area shows a 'Banner Categories' tree with the following structure: Root Catalog (0), Furniture (6) (expanded), Living Room (4), Bedroom (2), Electronics (42), Apparel (0), and Household Items (0). At the top right, there are buttons for 'Back', 'Reset', 'Delete Slideshow', 'Save Slideshow', and 'Save And Continue Edit'.

- After everything, let click to Save Slideshow or Save and Continue edit to save slideshow.

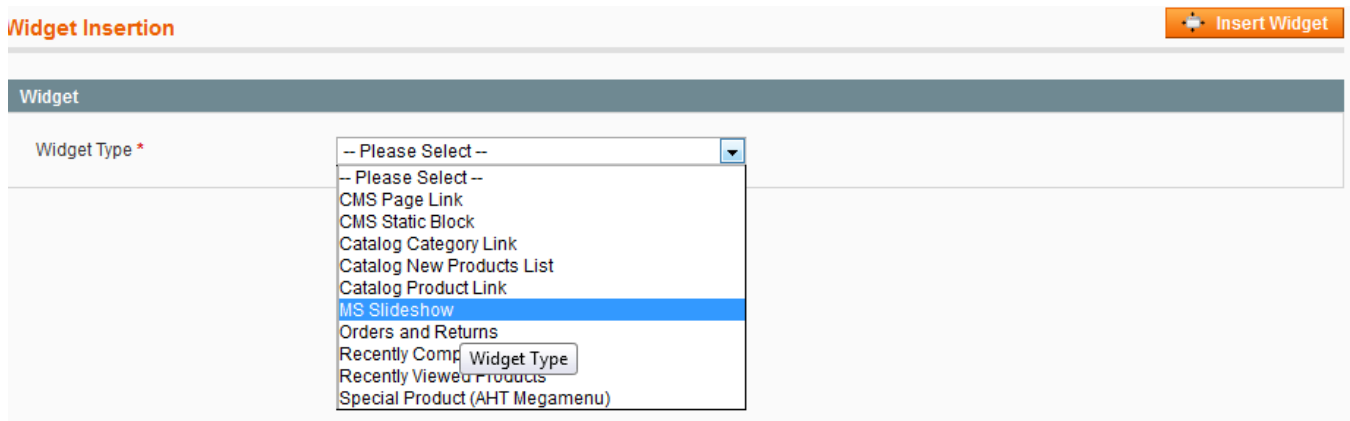

## 2. Insert slideshow as widget to page content

You also can add slideshow as a widget via editor of magento. With this way you can add slideshow to anywhere in your CMS page.

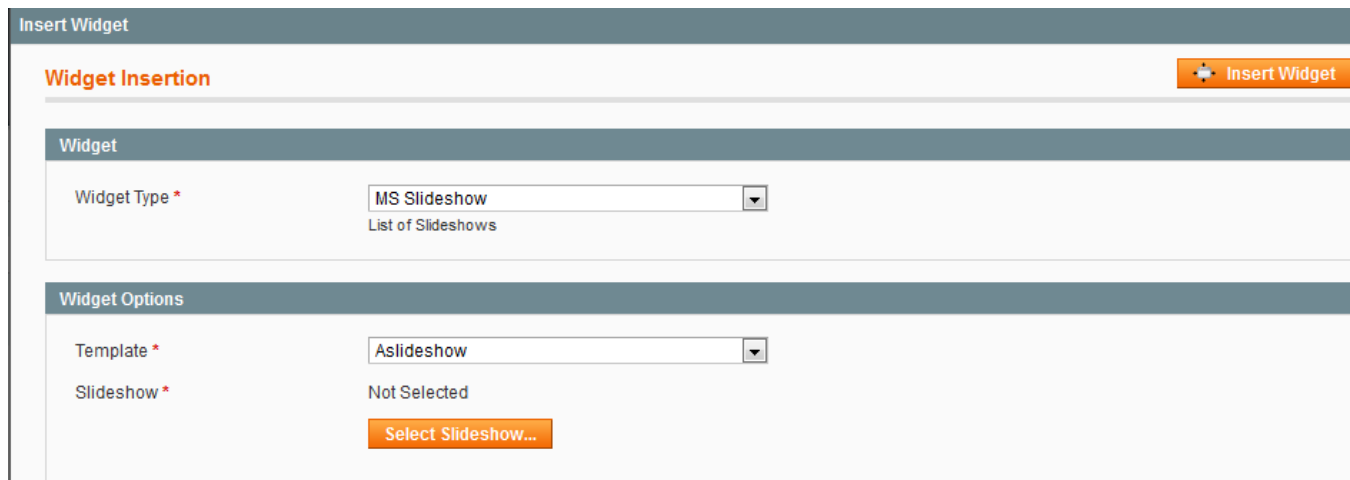

- In editor of magento, click to Insert widget button

- A popup will be showed, choose widget type is MS Slideshow.

- Click to “Select slideshow” button to choose slideshow you want insert

- A popup will be showed to you to choose slideshow
- After you choose slide show, let click to Insert Widget button to insert it to content page
